Before venturing into our website and platform, it is hereby informed to the general public that our company is engaged into the business of D2C (direct to consumer), Direct Selling through our website, direct sellers (IBA's), retail outlets and in other business activities as stated in the object clauses of Agreement of the company and we are also engaging in the marketing or sales of goods directly to the end user consumer. We do not indulge in any kind of financial investment or float any investment scheme or chit fund entrepreneurship.

An individual /firm / company who is able to do contract as per the provision of the Indian contract act, 1872 and wish to become direct seller of the company, can apply to be appointed as a direct seller to marketing and selling of company's products and services in India, in prescribed form through online / offline. There is NO DEPOSIT or any charges / enrolment fees / joining fees / renewal charges for becoming a direct seller of the company. Our company shall not be responsible for any promises made by any individual/ independent advisor/entity/direct seller/distributor on its behalf accept any promise which is mentioned in the authentic brochures or on website: www.varnikyug.com. However direct seller will be eligible for sales & marketing incentives based on volume of business done by him / her as per terms and condition of the platform.

Our Esteemed and sincere regards to respective Govt. of India for forming guidelines to Direct Selling Industry through Consumer Protection Rules (Direct Selling) 2021 and majority state governments adopted the same. Our company has been furnished all necessary regulations in different states and our company functions as per directives only. Hence, we are not involved in any kind of financial schemes, investment plans, fixed returns, fixed salaries, lucky dips or money circulation schemes etc. Any incentives or offers that are solely depends on sales volume.

About, **VARNIKYUG.com** Electric!

VARNIKYUG.COM Electric is an electric vehicles start-up, established in April 2018 headquartered from Surat. Going to setup an R&D-driven organization designing, developing, and manufacturing electric motorcycles in-house along with critical EV components. This is enabled by a phenomenal team of passionate technologists who bring 20+ years of collective hands-on experience in electric vehicles and their components, with a focus on 'Make in India for the World'.

It is pioneering the use of advanced battery chemistry such as LFP and NMC in E2Ws in the country, which is significantly safer, longer, and cleaner than other widely used battery chemistries. VARNIKYUG.COM Electric as an emerging mover to adoption of electric vehicles in India and intends to stand besides of become one of the major brands from India.

Our core lies in the ideology of Empowering the Society by providing sustainable and adaptive solutions to them. Our journey is defined by the living philosophy of 'Driven by Purpose, Fueled by Innovation' which truly reflects our deep commitment to empowerment, purposeful action, and a continuous quest for innovative solutions. This mantra serves as both our compass and inspiration, guiding us towards ongoing success and transformative strides.

VARNIKYUG.COM Electric is the brainchild of visionaries and team of professionals. United by a shared vision and aim to be catalysts in the empowerment journey of those at the bottom of the pyramid, transforming them into aspirers. With each founder bringing a unique set of skills and expertise to the table. VARNIKYUG.COM Electric embarks on its entrepreneurial journey with a singular mission: to empower and uplift individuals at the grassroots level. Now we want to capture the endless opportunities in the EV & Solar industry.

Our Vision

Empowering the Society by Providing Sustainable and Adaptive Solutions.

Our Mission

Impacting 1 Million lives by 2030

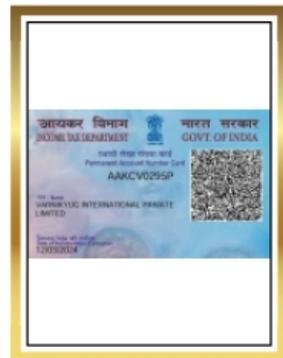

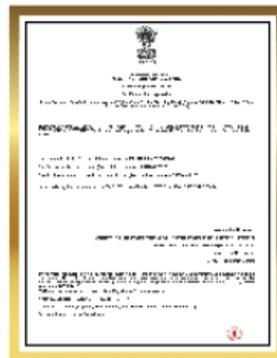

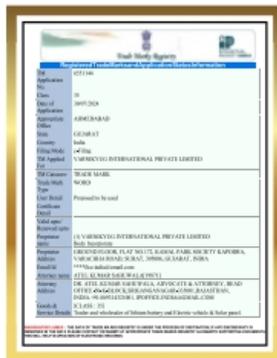

Future of EV & Solar Industries in India

The Indian automobile industry is the world's fifth biggest, and it is anticipated to become the third largest by 2030. According to the India Energy Storage Alliance (IESA), the Indian EV market would develop at a 36% CAGR.

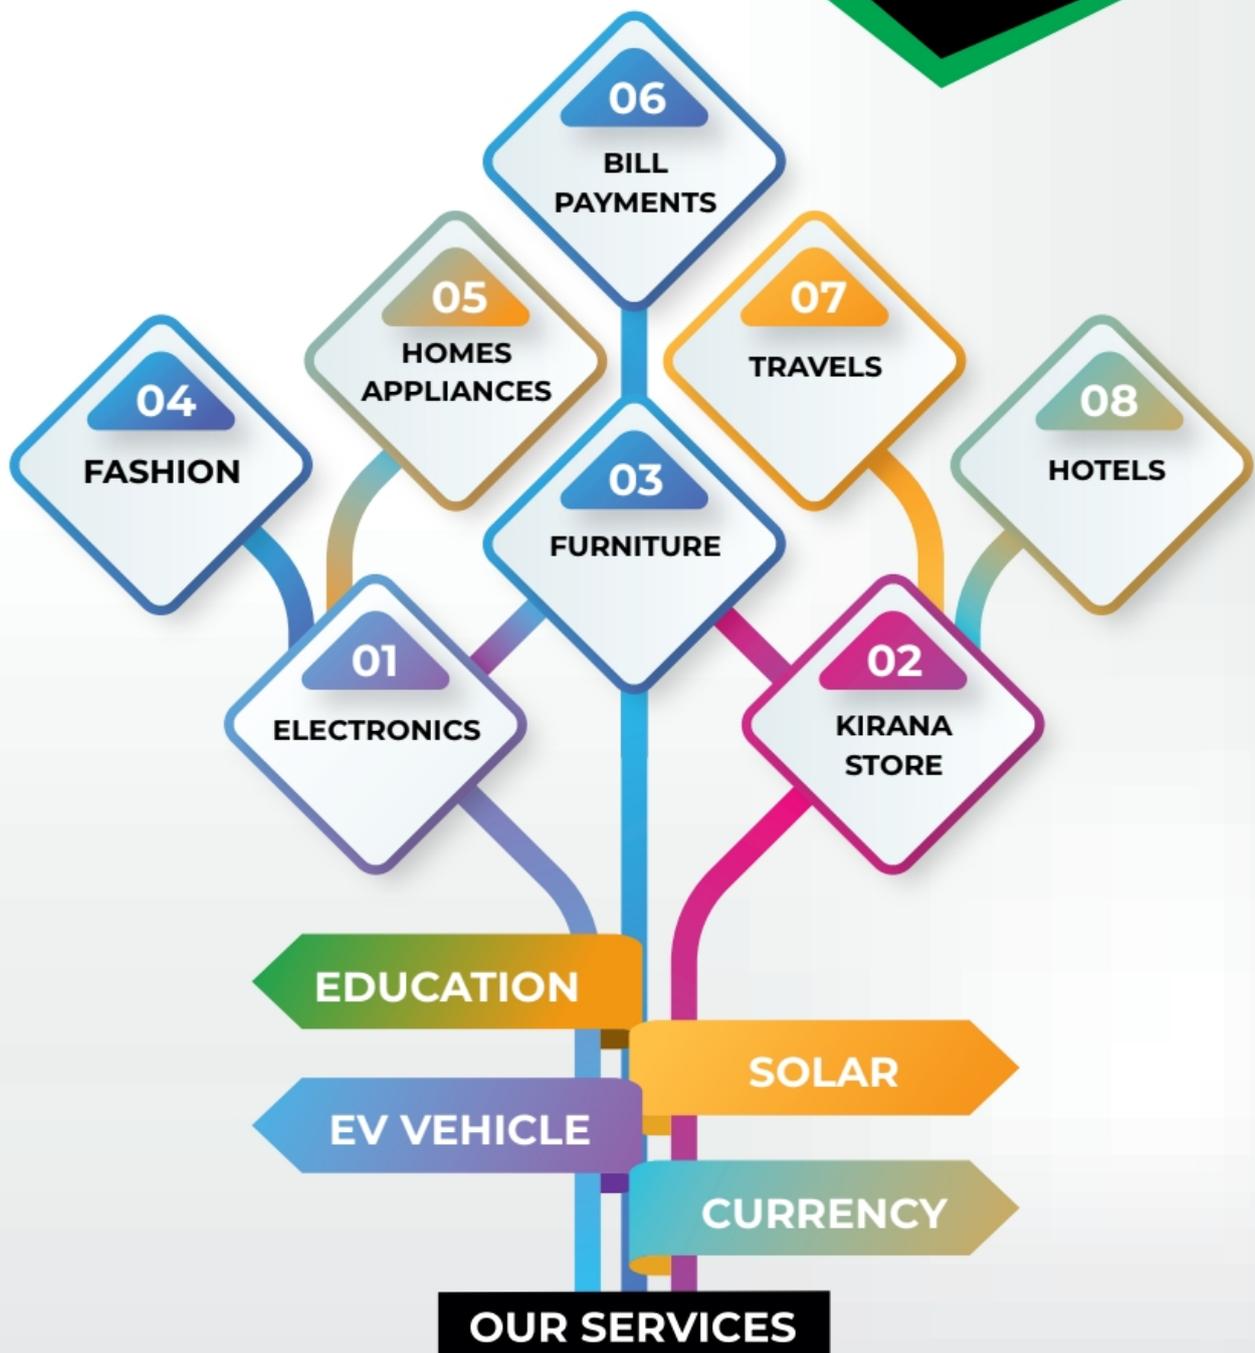

By 2030, NITI Aayog expects to reach 70% EV market penetration for all commercial vehicles, 30% for private vehicles, 40% for buses, and 80% for two and three-wheelers. This is consistent to reach net zero carbon emissions by 2050.

India's solar journey is a tale of turning challenges into opportunities, of harnessing the sun's boundless energy to light up lives sustainably. In the domain of solar innovations, progress is both subtle and ground-breaking. From solar panels adorned with nanowires to windows that magically transform light into electricity, the spectrum of innovations is as diverse as promising. With ambitious targets and policies like the Production Linked Incentive (PLI), India is propelling itself to achieve 500 GW of renewable energy capacity by 2030...
